

Community Garden Plots

Live in the Clayton Park/ Fairview/Mumford area?
Interested in growing your own vegetables?

Where are the gardens?

- **Glen Garden** - corner of Glenforest Drive and Smart Street
- **Multicultural Garden** – 3311 Ashburn Ave, behind Calvin Presbyterian Church
- **Mosaic Garden** – 28 Willet St, in front of Mosaic Church
- **Killam Garden** - Behind 21 Plateau Crescent

As a gardener, you will:

- *Share a garden bed with another family. Each plot is approx 4'x 6'. Plots are open to everyone in the neighbourhood. Priority is given to gardeners from the previous year, but plots usually become available each year.*
- *Plant within 3 weeks of being assigned your plot and take care of it during the growing season. Commit to taking care of the compost, garbage and keeping the common areas of the garden neat, along with other gardeners.*
- *Learn new things about gardening, food preservation, composting, and maybe practice a new language! You will be invited to workshops, fun events, and work-parties where you can get to know other gardeners and become part of a garden community.*

For more information and an application please contact: **Heather 902-406-8657** or hasbil@isans.ca. **Gardens are now full for 2019. Send your application now to get onto the waiting list for 2020!**
