

INTERNAL & EXTERNAL JOB POSTING

Coordinator, Newcomer Community Wellness Program

ISANS is seeking a full- time **Coordinator, Newcomer Community Wellness Program** responsible for promoting mental health and wellness of newcomers/refugees during their first years of settlement, by applying a holistic, trauma informed and collaborative approach, to prevent the onset of mental health problems and to support those experiencing mental health problems. Reporting to the Supervising Team Leads and Manager, Refugee Resettlement, this position will be responsible for:

Duties and Responsibilities:

- Develop and implement strategies of coordination with ISANS programs to keep update trends related to mental health and wellness needs among clients.
- Develop and maintain a network of practitioners to consult, refer or collaborate with, to respond to the needs of those clients who require additional mental health support.
- Deliver wellness support group-sessions by designing, facilitating and coordinating with co-facilitators and complementary therapists.
- Design and deliver psychoeducational sessions and targeted programs for clients, according to the identified trends and needs and in collaboration with mental health care practitioners.
- Provide orientation to new arrivals about mental health, settlement and access to community services.
- Provide short-term-solution focused individual para counseling to support those individual that require additional support and to support clients to access and navigate mental health services when required.
- Participate in educational opportunities to strengthen ISANS staff capacity to understand and to support client's mental wellbeing and to offer opportunities of consultation.
- Participate in committees and/or working groups to enhance community capacity to support immigrants/refugees mental health and wellbeing.
- Develop resources for newcomers on mental health and wellness.
- Monitor and be accountable for program expenses / budget in consultation with Manager

Developing the Settlement Support System by:

- Designing and implementing services that:
 - Foster client's resilience to manage settlement stress and the impact of traumatic experiences prior immigrating to Canada and to support their efforts to maintain their wellbeing;
 - Empower clients to better understand mental health and wellness and to access mental health and wellness services.
 - Implement early intervention strategies to identify and support clients living with complex needs that can increase the development of mental health problems and to link them with appropriate mental services.
- Supporting ISANS staff to better understand mental health and wellness related to the settlement process, and work in partnership with mental health service providers to increase their understanding and capacity to provide equitable and culturally competent mental health care.

The ideal candidate for this position will have the following:

Education:

- Bachelors Degree in Social Work/Health related or
